

# INTEGRAL WATERPROOFER

## WATERPROOFING PLASTICISER

**TBS Integral Waterproofer** is a liquid additive that provides long term water protection to mortar, concrete and rendering. It improves workability and strength, and will not corrode reinforcing metal work.

**TBS Integral Waterproofer** is suitable for all applications where resistance to water damage is necessary including external rendering and pointing, roof areas and structures below ground level.

### **TBS Integral Waterproofer:**

- Waterproofing plasticiser for mortar concrete and rendering
- Dramatically reduces water penetration
- Protects against erosion from water ingress
- Salt inhibitor
- Eliminates suction
